

Clinical Staff Training Checklist

Print the Clinical Staff Training checklist and use it to mark the tutorials you have viewed and completed.

You can pause the videos at any point, as well as drag the cursor for the video backwards to review the video or drag it forwards to view a specific point in the video.

Note: *The total duration of the video tutorials for each section is shown in minutes to assist you with fitting the training in with your daily activities.*

Clinical Notes (5:00 mins)

- How to Create Daily Notes.
- How to Enter General Health and Medical History.
- How to Add a Red Flag to a Client.
- How to Change Colours used for Medical Notes.
- How to Create Shortcut Treatment Symbols.
- How to Discharge a Condition
